

A close-up photograph of a person's hand interacting with a large, illuminated surface. The surface displays a complex, abstract pattern of blue and white, resembling a map or a data visualization. The hand is positioned over the surface, with fingers slightly spread, suggesting a touch or hover interaction. The background is blurred, showing other people in a similar setting, indicating a collaborative or public display environment. The lighting is soft and focused on the interaction area.

# HARDWARE FOR INSIDE EXPLORER

## SMART TABLE 65" / 4K

A 65" premium plug and play projective capacitive multi-touch 4K/QLED table designed for use in public settings. Mobile, tiltable and adjustable in height with remote controlled motor. Equipped with powerful visualization workstation to ensure reliable and stable 24/7 operation.

- Tilttable and adjustable in height. Electric motor with remote control.
- Ruggedized metal construction with high quality components from industry leading suppliers
- Water and dust resistant 6mm hardened and clear glass
- All cables and buttons behind lockable service hatch
- Possible to connect to external displays
- Delivered with wheels.

### HARDWARE SPECIFICATION

<b>Display</b>	65" 4K QLED
<b>Touch technology</b>	Projective Capacitive / 10 touches
<b>Brightness</b>	600 NITS
<b>Contrast</b>	6000:1
<b>Front:</b>	Hardened 6mm clear and tempered glass, water and dust resistant
<b>PC</b>	Professional Workstation PC, Windows 10 Professional (English)
<b>CPU/RAM/DISK</b>	INTEL Xeon W-2123 3.6 GHz, 16 GB DDR4, 256 GB SSD
<b>GPU:</b>	NVIDIA Quadro P4000 8 GB
<b>Connectivity:</b>	WiFi, LAN, USB, HDMI, DVI, Displayport
<b>Other:</b>	Remote Control, Lockable
<b>Shipping weight:</b>	310 Kg
<b>Shipping dimensions:</b>	185x108x103 cm
<b>Warranty:</b>	3 years included Workstation: Onsite support Display and table: Carry-in support

## SMART TABLE 55" / 4K

A 55" premium plug and play projective capacitive multi-touch 4K/QLED table designed for use in public settings. Mobile, tiltable and adjustable in height with remote controlled motor. Equipped with powerful visualization workstation to ensure reliable and stable 16/7 operation.

- Tilttable and adjustable in height. Electric motor with remote control
- Ruggedized metal construction with high quality components from industry leading suppliers
- Water and dust resistant 6mm hardened and clear glass
- All cables and buttons behind lockable service hatch
- Possible to connect to external displays
- Delivered with wheels

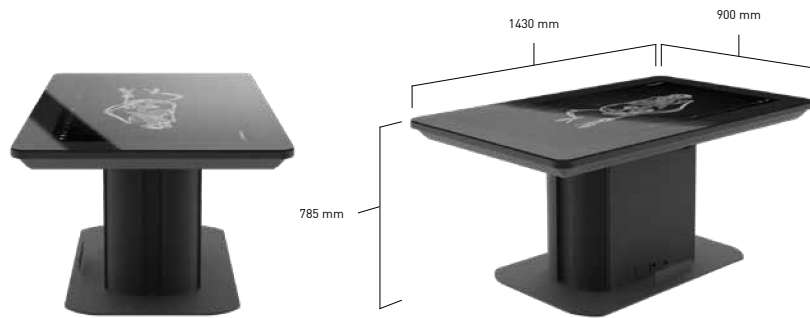

### HARDWARE SPECIFICATION

<b>Display</b>	55" 4K QLED
<b>Touch technology</b>	Projective Capacitive / 10 touches
<b>Brightness</b>	500 NITS
<b>Contrast</b>	4000:1
<b>Front:</b>	Hardened 6mm clear and tempered glass, water and dust resistant
<b>PC:</b>	Professional Workstation PC, Windows 10 Professional (English)
<b>CPU/RAM/DISK</b>	INTEL Xeon W-2123 3.6 GHz, 16 GB DDR4, 256 GB SSD
<b>GPU:</b>	NVIDIA Quadro P4000 8 GB
<b>Connectivity:</b>	WiFi, LAN, USB, HDMI, DVI, Displayport
<b>Other:</b>	Remote Control, Lockable
<b>Shipping weight:</b>	295 Kg
<b>Shipping dimensions:</b>	185x108x103 cm
<b>Warranty:</b>	3 years included Workstation: Onsite support Display and table: Carry-in support

## ▶ TABLE 55" / 4K

A 55" premium plug and play projective capacitive multi-touch 4K/QLED table designed for use in public settings. Equipped with powerful visualization workstation to ensure reliable and stable 24/7 operation.

- Ruggedized metal construction with high quality components from industry leading suppliers
- Water and dust resistant 6mm hardened and clear glass

## ▶ TABLE 40" / HD

A 55" premium plug and play projective capacitive multi-touch 4K/QLED table designed for use in public settings. Equipped with powerful visualization workstation to ensure reliable and stable 24/7 operation.

- Ruggedized metal construction with high quality components from industry leading suppliers
- Water and dust resistant 6mm hardened and clear glass
- All cables and buttons behind lockable service hatch
- Possible to connect to external displays

### HARDWARE SPECIFICATION

<b>Display</b>	40" Full HD 1920x1080 LCD Display
<b>Touch technology</b>	Projective Capacitive / 10 touches
<b>Brightness</b>	450 cd/m2, LED Edge-lit
<b>Contrast</b>	5000:1
<b>Front:</b>	Hardened 4mm safety glass, antiglare, water and dust resistant.
<b>Type:</b>	Professional Workstation PC, Windows 10 Professional (English)
<b>CPU/RAM/DISK</b>	INTEL Xeon W-2123 3.6 GHz, 16 GB DDR4, 256 GB SSD
<b>GPU:</b>	NVIDIA Quadro P4000 8 GB
<b>Connectivity:</b>	WiFi, LAN, USB, HDMI, DVI, Displayport
<b>Other:</b>	Remote Control, Lockable
<b>Warranty:</b>	3 years included Workstation: Onsite support Display and table: Carry-in support

## WORKSTATION

A powerful visualization workstation suitable for running Inside Explorer on your own display infrastructure.

### HARDWARE SPECIFICATION

<b>Type:</b>	Professional Workstation PC, Windows 10 Professional (English)
<b>CPU/RAM/DISK</b>	INTEL Xeon W-2123 3.6 GHz, 16 GB DDR4, 256 GB SSD
<b>GPU:</b>	NVIDIA Quadro P4000 8 GB
<b>Connectivity:</b>	WiFi, LAN, USB, HDMI, DVI, Displayport
<b>Warranty:</b>	3 years included Workstation: Onsite support

## SOFTWARE ONLY

Inside Explorer is available as software only and can be installed and used on everything from touch laptops, to large scale multi-touch tables and interactive white boards. See system requirements below or contact us to learn more.

### SYSTEM REQUIREMENTS

<b>Display</b>	16:9 aspect ratio
<b>Resolution</b>	1920 x 1080 or higher
<b>Touch technology</b>	Windows native touch input (touch is not a requirement)
<b>OS</b>	Windows 10
<b>CPU</b>	Intel Core i5 / i7
<b>RAM</b>	8 GB
<b>Storage</b>	SSD, 128 GB
<b>GPU</b>	Workstation NVIDIA GPU, Geforce 1070 or faster Laptops NVIDIA GPU, Geforce 1050 or faster
